EMPLOYEE SPOTLIGHT

Meet David

Meet David, our exceptional mechanic of three years, who brings unparalleled expertise and problem-solving skills to the team at Crown Diesel. Prior to joining us, he honed his mechanical prowess while operating forklifts in a warehouse. Beyond work, David's heart lies in soccer as a dedicated player and avid spectator. His passion for the sport is rivaled only by his devotion to family, whom he

cherishes and draws inspiration from. David's positive attitude, approachability, and commitment to excellence make him an invaluable asset to our close-knit workforce, and we are honored to feature him in this Employee Spotlight.

Brake Safety Campaign

**The next CVSA's Brake Safety Week is:
August 20-26th**

During Brake Safety Week, inspectors will be paying special attention to brake lining/pad violations. Commercial motor vehicle inspectors conduct brake system inspections (primarily Level IV Inspections) on large trucks and buses throughout North America to identify brake-system violations during both the announced and unannounced brake safety enforcement campaigns.

[CVSA created a 2023 Brake Safety Week flyer with 10 brake linings and pad tips for drivers/operators to avoid violations. Click Here](#)

SCHEDULE YOUR NEXT FEDERAL DOT INSPECTION

We can handle your next inspection for one truck or your entire fleet.

CALL: 713-957-5069

CONTAINER CHASSIS REPAIR & MAINTENANCE

Crown Diesel offers commercial fleet maintenance and repair services, both minor and major repairs for trucks, trailers, containers, and chassis. We provide full-service maintenance and repair of chassis, containers, and trailers on-site or at our Houston shop. Keep your equipment ready to go for smooth shop-to-street hauling.

Crown's

HEALTHY LIVING TIPS for the Road Warrior

zzz SLEEP zzz

Getting enough sleep is essential to truck driver health. Sleep deficiency affects our focus and energy. Aim for 7 hours of sleep every night.

EXERCISE

Set aside 20 minutes at the beginning of your shift and 20 minutes at the end of your shift for exercise.

- Jump Rope
- Squats
- Lunges
- Push-ups

- Planks
- Crunches
- Resistance Bands

Crown Diesel 24/7

We can safely reload your shifted goods to ensure safe hauling and not at risk of tipping over. We understand that your cargo's secure and timely delivery drives your business. Our team can work quickly at our Houston location, or we come to you to reduce your downtime and get you safely back on the road.
